

## Issue 78 2025: Q3

### Note from the Editor

#### AI and Machine Learning

- The Future of Demand Forecasting with Generative AI
- Integrating Forecasting and Inventory Decisions Using Machine Learning

#### Forecasting Measures

- Types of Forecast Errors and Their Implications

#### Special Feature: Revisiting Symmetric MAPE

- Errors on Percentage Errors

- Sparse-Proof sMAPE
- Know Your Errors!

#### Forecasting Practice

- Explainability: A Requirement for Trust in Forecasts
- *Commentary*: Explanations vs. Explainability
- *Commentary*: Building Trust through Explainability

#### Special Feature: United Nations Sustainable Development Goals

- The Role of Forecasting in Ending Global Hunger
- Life Below Water

#### Book Review

- *The Art of Uncertainty – How to Navigate Chance, Ignorance, Risk and Luck* by David Spiegelhalter

#### Opinion Editorial

- Overcategorization of Continuous Data

## Issue 77 2025: Q2

### Note from the Editor

#### Valedictory

- Twenty Years On: How Is Forecasting Faring?

#### Forecasting Competitions

- Learnings from the VN1 Forecasting Competition

#### Decision Intelligence

- Decision Modeling to Increase Forecast Usability

#### Performance Evaluation

- The Trade-Offs between Forecasting Performance and Computational Cost

#### Forecasting Methods

- Two-Part Forecasting for Time-Shifted Metrics

#### AI and Machine Learning

- Retrieval-Augmented Forecasting: Bridging Human Insight and Machine Precision

#### Opinion-Editorials

- The Mythical Influence of Metric Asymmetry
- Systems Thinking to Address Sustainability

## Issue 77 2025: Q2

### Note from the Editor

#### Valedictory

- Twenty Years On: How Is Forecasting Faring?

#### Forecasting Competitions

- Learnings from the VN1 Forecasting Competition

#### Decision Intelligence

- Decision Modeling to Increase Forecast Usability

#### Performance Evaluation

- The Trade-Offs between Forecasting Performance and Computational Cost

### Forecasting Methods

- Two-Part Forecasting for Time-Shifted Metrics

### AI and Machine Learning

- Retrieval-Augmented Forecasting: Bridging Human Insight and Machine Precision

### Opinion-Editorials

- The Mythical Influence of Metric Asymmetry
- Systems Thinking to Address Sustainability

## Issue 76 2025: Q1

### Note from the Editor

#### Special Feature: Strategic Forecasting in Biopharma

- Preview of Special Feature
- Probability Assessments to Support Portfolio Management at Eli Lilly
- Neural Network Models to Predict Clinical Trial Completion
- The Impact of Events and Order of Entry
- Forecasting the Uptake of Gene Therapies
- Long-Term Product Forecasting in Pharmaceuticals
- Addressing Bias in Pharmaceutical Pipeline Forecasting

### Opinion-Editorials

- Prognostication with Unusual Sources
- The Insufficiency of Looking at Forecast Accuracy Alone

### Minitutorial

- Brier Score vs. Log Score

## Issue 75 2024: Q4

### Note from the Editor

#### Special Feature: Large Language Models

- Large Language Models as Benchmarks in Forecasting Practice
- LLMs, Data Leakage, Bullshit, and Botshit
- *Commentary*: Can LLMs Provide Good Forecasts?

#### Special Feature: Forecasting Performance Objectives

- Reply to the Commentaries: A Plea for the Ranked Probability Score

#### Forecast Evaluation

- Unethical Behavior in Forecast Accuracy Evaluation

### Forecasting Competitions

- Limiting Extreme Behavior in Forecasting Competitions

### Tutorial

- Linear Regression with a Time Series View
- Part 4: Logistic Regression for Binary Outcomes

### Review

- *Global Energy Outlook 2024: Peaks or Plateaus?*  
by Daniel Raimi, Yuqi Zhu, Richard G. Newell, and Brian C. Prest

### Minitutorial

- The Brier Score and Its Decomposition

## Issue 74 2024: Q3

### Note from the Editor

#### Preview of 2025 Special Feature

- Alliance or Apathy? Forecasting's Role in Achieving the U.N. Sustainable Development Goals

#### Special Feature: Forecasting Performance Objectives

- Scaling-Aware Forecast Rating
- *Commentary*: A Good Correction for Forecastability
- *Commentary*: A Major Milestone for Forecast Accuracy Summarization
- *Commentary*: The Scaling Trap in Retail Forecasting

### Practitioner's Corner

- How Do I Set Forecast Accuracy Expectations?

### Hot New Research

- Information that Can Damage Your Demand Forecasts

### Forecasting Practice

- Forecast Desirability: Is Better the Enemy of Good?
- Point Forecast Evaluation: State of the Art

### Tutorial

- Linear Regression with a Time Series View  
Part 3: Qualitative Predictor Variables

### Decision Intelligence

- Decision Intelligence: A Critical Reflection

### Spotlight

- Marina Sologubova

### Opinion-Editorial

- A Planner-centric Approach to Judgmental Forecasting

## Issue 73 2024: Q2

### Note from the Editor

#### Retrospective

- Failing to Pay Attention to Error: Our Greatest Error

#### Special Feature Revisited: FVA Critique and Commentaries

- A Critical Evaluation of the Assumptions of Forecast Value Added
- *Commentary*: FVA: The Gold Standard for Collaborative Forecasting
- *Commentary*: Using FVA the Right Way
- *Commentary*: Apologia pro Forecast Value Added
- *Commentary*: FVA Remains Relevant and Valuable

- *Commentary*: How to Properly Leverage FVA

### Forecast Modeling

- LLMs and Foundational Models: Not (Yet) as Good as Hoped

### Tutorial

- Linear Regression with a Time Series View Part 2: Multiple Linear Regression

### Prediction Markets

- The Accuracy of Prediction Markets

### Book Reviews

- *Judgment in Predictive Analytics*, edited by Matthias Seifert
- *The Age of Prediction: Algorithms, AI, and the Shifting Shadows of Risk* by Igor Tulchinsky and Christopher E. Mason

### Spotlight

- Eric Stellwagen

### Minitutorial

- Interactions in Forecasting

## Issue 72 2024: Q1

### Note from the Editor

#### In Memoriam: J. Scott Armstrong (1937-2023)

- Iconoclast and Champion of Science for Practical Purposes
- Lessons from a Mentor and Friend
- Scott Armstrong's Scientific Legacy

#### Forecast Evaluation

- The Forecaster's Evaluation Dilemma

#### IJF Research

- Combining Probability Predictions

#### Forecast Modeling

- Estimating Predictive Probability of Success
- Accuracy vs. Runtime with Multiple Seasonalities

#### Tutorial

- Linear Regression with a Time Series View Part 1: Simple Linear Regression

#### Public Policy

- How Well Can Social Scientists Forecast Societal Change?

#### Special Feature: Decision Intelligence

- A Case for a More Decision-centric IBP
- How Decision Intelligence Integrates Forecasting, AI, and Data into Complex Decisions

#### Book Reviews

- *Sales & Operations Planning – An Executive Update* by Robert A. Stahl
- *Power and Prediction: The Disruptive Economics of Artificial Intelligence* by Ajay Agrawal, Joshua Gans, and Avi Goldfarb
- *Demand Forecasting for Executives and Professionals* by Stephan Kolassa, Bahman Rostami-Tabar, and Enno Siemsen

#### Spotlights

- Sevvandi Kandanaarachchi
- Roben Crevits

#### Opinion-Editorials

- In Pursuit of Consumption-Based Forecasting

## Issue 71 2023: Q4

### Note from the Editor

#### In Memoriam: John Boylan (1959-2023)

#### On John Boylan's Contributions to *Foresight*

#### Special Feature: Forecast Value Added

- 20 Years of FVA: A Critical Retrospective
- Enhancements to the Forecast Value Added Framework
- A Critical Review of Forecast Value Added
- Two Process Changes Based on FVA Findings
- The Potential of FVA for Driving Process Improvement

- Judgmental Adjustments in Demand Planning: Their Motivation and Success

#### Special Feature: Forecasting Software

- The Effective Use of External Signals and Human Inputs
- The Need for Risk Management in Forecasting Software
- Entering the Golden Age of Mixed Frequency Forecasting
- A Glimpse into the Future of Forecasting Software

- How Will Generative AI Influence Forecasting Software?
- What Do We Learn from Forecasting Software Surveys?

### **Book Reviews**

- *Escape from Model Land* by Erica Thompson
- *The Scientific Method: A Guide to Finding Useful Knowledge* by J. Scott Armstrong & Kesten C. Green

### **Spotlights**

- Shari De Baets
- Joe McConnell

### **Opinion-Editorials**

- Sustainability in Forecasting
- Forecasts for Infrastructure – A Crisis Confronting the Economy

### **Issue 70 2023: Q3**

#### **Note from the Editor**

#### **Special Feature: Pitfalls in Forecast Evaluation**

- Common Pitfalls and Better Practices in Forecast Evaluation for Data Scientists
- *Commentary*: A Practitioner's View on the Common Pitfalls
- *Commentary*: Idealism – Make Way for Realism

#### **Cross-Learning**

- Cross-Learning with Short Seasonal Time Series
- *Commentary*: PICS, or, Why Stop at PIC?
- *Commentary*: Exponential Smoothing in the Spotlight Again

#### **Commentaries on 2023 Q:1 Special Feature**

- The Limitations of Forecasts and Plans on Decision Making

#### **Government and Public Policy**

- The Organizational Politics of Forecasting Revisited: Collaborative Budget Forecasting Meets the COVID-19 Pandemic

### **Book Reviews**

- *Change & Chance Embraced* and *Four P's in a Pod*
- *Demand Forecasting Best Practices*
- *Megathreats: Ten Dangerous Trends that Imperil Our Future, and How to Survive Them*

### **Practitioner's Corner**

- The 10 Lies Told in Consensus Meetings

#### **Preview of Q4 Special Feature: The Current State and Future Direction of Forecasting Software**

- What Is Wrong with Demand Planning Software?

### **Spotlight**

- Mark Chockalingam
- Malvina Marchese

### **Opinion-Editorials**

- Forecasting: A Critical Enabler of the Circular Economy
- All Hail the Flatline Forecast!
- The Technological Limits to Forecasting

### **Minitutorials**

- Forecasting New Product Adoption Using S-Curves

## Issue 69 2023: Q2

### Note from the Editor

#### Special Feature: Is It Time to Retire the MAPE?

- Time to Retire the MAPE
- *Commentary*: How We Deal with Zero Actuals Has a Huge Impact on the MAPE and Optimal Forecasts
- *Commentary*: MAPE, What Else?

#### Special Feature: When and What Not to Forecast

- Should We Always Use Forecasts when Facing the Future?
- *Commentary*: To Forecast or Not to Forecast?

- *Commentary*: When to Be Careful about Forecasting

### Commentaries on 2023 Q:1 Special Feature

- There Is More Uncertainty than Just Demand
- Supply Chain Forecasting – Is the Juice Worth the Squeeze?
- You Think You're Measuring Accuracy?

### Practitioner's Corner

- Be Kind

### Financial Forecasting

- Policy Predictability: The Case of Forward Guidance by Central Banks

### Long-range Forecasting

- Long-term Projections of Water Supply and Demand

### Machine Learning & AI

- Reducing Forecast Instability with Global Deep Learning Models

### Spotlight

- Elaine Deschamps
- Niles Perera

### Opinion-Editorials

- How to Increase Forecast Accuracy
- The Impact of Large Language Models like ChatGPT on Forecasting
- Comparing Artificial Intelligence and Nonlinear Regression Models: The Issue of Test Design

### Minitutorials

- How Overfitting Destroys Forecast Quality
- RAE Measures Value Added and Allows for Forecastability

## Issue 68 2023: Q1

### Note from the Editor

### Tributes to Len Tashman

### Special Feature: Does Forecast Accuracy Even Matter?

- Does Improved Forecast Accuracy Translate to Business Value?
- Using Simulation to Determine When Forecast Accuracy Matters
- Increased Bullwhip in Retail: A Side Effect of Improving Forecast Accuracy with More Data?
- Measuring the Cost of Forecast Error
- Why Does Forecast Accuracy Matter?
- Better Forecasts or More Appropriate Stock Control Policies?

- Accuracy and Usefulness in Applied Forecasting

### Practitioner's Corner

- Why Do We Talk about Forecast Accuracy Measures (So Much)?

### Integrated Business Planning

- A New Approach to Business Planning during Crises
- Commentary

### Spotlight

- Oyebimpe Adeniji
- Anne-Flore Elard

### Opinion-Editorials

- Business Forecasting: Issues, Current State, and Future Direction

### Minitutorials

- **Forecast Value Added**
- The Pinball Loss for Quantile Forecasts

## Issue 67 2022: Q4

### Note from the Editors

### Special Feature: Collaborative Forecasting

- To Share or Not to Share? The Future of Collaborative Forecasting
- Commentary: Asymmetry of Data Ownership
- Commentary: Legal Ramifications and FVA of Data Sharing
- Commentary: Federated Data and Learning in the Supply Chain
- Commentary: Third-Party Data Providers

### Book Reviews

- *Histories of the Future* by Jonathon P. Karelse

- *Atlas of Forecasts* by Katy Börner

### Forecasting Practice

- Toward a One-Number Forecast: Cross-Temporal Hierarchies
- Commentary: The Software Gap
- Reply to Simon Clarke Commentary

### Behind the Scenes

- The IIF Forecasting Impact Podcast
- Instructions for *Foresight* Authors

## Issue 66 2022: Q3

### Note from the Editors

#### Tribute to Roy Batchelor

- Konfessions of a Kibitzer
- Batchelor Party

#### Special Feature: Achieving Trust and Adoption

- The Demand Forecasting Project at Target: Improving Collaboration and Adoption
- Making Forecasts More Trustworthy
- Commentary on “Making Forecasts More Trustworthy”

### Hot New Research

- Subsampling Seasonal Series – A Simple Approach to Forecasting Complex Patterns

### Long-Range Forecasting

- Long-Term Projections of Food Production and Demand

### Book Review

- A Picture Is Worth a Thousand Words: *Atlas of Forecasts: Modeling and Mapping Desirable Futures*

## Issue 65 2022: Q2

### Note from the Editor

#### Special Feature: Selecting a Best Model

- Representativeness: A New Criterion for Selecting Forecasts
- Commentary on Representativeness

#### Forecasting Principles and Methods

- An Extension of Possibility Distributions in Fuzzy Forecasting
- STR: A Flexible New Decomposition Method for Analyzing and Forecasting Complex Time Series

- More Thoughts on STR

### Forecasting Practice

- One-Number Forecasting: A Solution for Silo Behavior?
- Commentary: One-Number Forecast: How Will It Be Used?
- The UFO Project (Usage of Forecasting in Organizations) Final Survey Results

Issue 64 2022: Q1

## Note from the Editor

### Special Feature: Forecasting Intermittent Demands

- Advances in Intermittent-Demand Forecasting
- Book Review: *Intermittent Demand Forecasting: Context, Methods and Applications*
- Commentary: Let's Look Next at Dynamics!
- Reply to Stephan Kolassa Commentary
- Forecasters in the Field: John Boylan and Aris Syntetos

### Forecasting Perspectives

- Into the (Largely) Unknown, Part 2: Uses of Fuzzy Forecasting

### Forecasting Methods Tutorial

- Decision Trees for Time-Series Forecasting
- Decision Trees in Automatic Forecasting Algorithms: The Implementation in Forecast Pro

Issue 63 2021: Q4

## Note from the Editor

### Book Review

- *Noise: A Flaw in Human Judgment* by Daniel Kahneman, Olivier Sibony, and Cass R. Sunstein

### Commentary

- Can Biases and Heuristics Be “Unconscious”?

### Forecasting Principles and Methods

- Into the (Largely) Unknown: A Simple Way to Handle Uncertainty
- Can We Reconcile Narrativist and Probabilistic Modes of Thinking?

### Long-Range Forecasting

- The Impact of COVID-19 on the Economy and Strategic Environment of the United States: A Review of Two New Studies

### Forecast Performance Measurement

- Beyond Error Measures to the Utility and Cost of the Forecasts

### Forecasting and Planning Perspectives

- Integrated Business Planning: A New Narrative for an Old Process

## Issue 62 2021: Q3

### Note from the Editor

#### Book Review

- *Resurrecting Retail: The Future of Business in a Post-Pandemic World* by Doug Stephens

#### Forecasting Methods

- Forecasting Demand during COVID—The Case of Wayfair

#### Forecasting and Planning Perspectives

- Strategy in Uncertain Times: Lenses to Approach Decision Making, Forecasting, and Planning

### Special Feature: A Better Crystal Ball

- Introduction
- A Better Crystal Ball: The Right Way to Think About the Future
- Scenarios and Probabilities: Incompatible or Complementary?
- Risk versus Uncertainty
- Scenarios with Probabilities for Financial Forecasting
- Probabilistic Scenarios in Demand and Supply Planning
- Uncertainty Is the Human Condition
- Near-Term Questions for Long-Term Uncertainties

## Issue 61 2021: Q2

### Note from the Editor

#### Special Feature

- Mitigating Unconscious Bias in Forecasting
- *Commentary: The Case for Parsimonious Intervention*
- *Commentary: Cross-Disciplinary Approaches to Supply-Chain Issues*

#### Supply-Chain Forecasting

- The Great Toilet Paper Buy: Lessons for the Supply Chain

#### Forecasting and Planning Perspectives

- Combining Humans and Machines in an Emerging Form of Enterprise: The Humachine
- *Commentary: AI Is Here to Automate the Knowledge Worker*
- *Commentary: ML Must Be Used with Care*
- *Commentary: A Brief Historical Perspective on Integrating New Technology*

#### Book Review

- *The Data Detective: Ten Easy Rules to Make Sense of Statistics* by Tim Harford

## Issue 60 Winter 2021

### Note from the Editor

#### Hot New Research

- How to Harness the Wisdom of Crowds

#### Special Feature

- Maximizing Forecast Value Added through Machine Learning and “Nudges”
- *Commentary*: Managing FVA
- *Commentary*: Another Role for ML in Forecasting

#### Long-Range Forecasting

- A Peek at the Next Century: Population Projections to 2100 and Their Economic and Geopolitical Consequences

#### Financial Forecasting

- Can We Profit from Trading on Predictions of High-Low Stock Prices?

#### Forecast Accuracy

- The M5 Competition and the Future of Human Expertise in Forecasting
- *Commentary*: We’ll Still Need Expertise
- *Commentary*: Will the Value of Forecasting Knowledge and Experience Diminish?
- *Commentary*: The M5 Competition: A Critical Appraisal
- *Commentary*: The M5 and the Future Role of Expertise
- *Commentary*: Academicians and Practitioners Will Thrive
- Reply to *Commentaries*

#### Forecasting Practice

- The UFO Project: Initial Survey Results

## Issue 59 Fall 2020

### Note from the Editor

#### Forecasting Practice

- A Modern Retail Forecasting System in Production
- *Commentary*: It’s the Soft Problems that Are Hard to Overcome
- Response to Commentary of Simon Clarke

#### Book Review

- *After Shock: The World’s Foremost Futurists Reflect on 50 Years of Future Shock*

#### Artificial Intelligence

- Dealing with “Deepfakes”: How Synthetic Media Will Distort Reality, Corrupt Data, and Impact Forecasts

#### Election Forecasting

- U.S. Presidential Election Forecasting: *The Economist* Model

#### Forecasting and Planning Perspectives

- The Benefits of Systematic Forecasting for Organizations: The UFO Project

## Issue 58 Summer 2020

### Note from the Editor

### Book Review

- *Hello World: How to Be Human in the Age of the Machine* by Hannah Fry

### Forecasting Principles and Methods

- How to Choose among Three Forecasting Methods: Machine Learning, Statistical Models, and Judgmental Forecasts
- *Commentary*
- The M5: A Preview from Prior Competitions

### Forecasting in Medicine

- Medical Errors in the Age of the Intelligent Machine

### Forecasting Accuracy Measurement

- How Stagger Charts Can Improve Forecast Accuracy
- *Commentary*: Another Use of the Stagger Chart

### Forecasting and Planning Perspectives

- Technology Support in Business Planning: Automation, Augmentation, and Human Centricity

## Issue 57 Spring 2020

### Note from the Editor

### Forecasting Methods

- The M4 Forecasting Competition—Takeaways for the Practitioner
- *Commentary*: The M4 Competition and a Look to the Future
- Will Deep and Machine Learning Solve Our Forecasting Problems?

### Forecaster in the Field

- Interview with Tim Januschowski

### Book Review

- Two Cheers for *Rebooting AI*

### Forecasting Practice

- Developing a Modern Retail Forecasting System: People and Processes

### The World of Forecasting

- The Economic/Energy/Environmental Conundrum—Projections to 2050

## Issue 56 Winter 2020

### Note from the Editor

### Chris Gray in Memoriam

### Hot New Research

- Could These Recent Findings Improve Your Judgmental Forecasts?

### Forecast Principles and Methods

- Forecasting for Remanufacturing

- *Commentary*: Why Is Forecasting for Remanufacturing Hard?

### Forecast Accuracy Measurement

- Monitoring Forecast Models Using Control Charts

### Forecasting and Planning Perspectives

- Smarter Supply Chains through AI
- Strategic IBP: Driving Profitable Growth in Complex Global Organizations
- Commentary on Strategic IBP
- Response to Pete Alle's Commentary

## Issue 55 Fall 2019

### Note from the Editor

### Forecasting Support Systems

- Forecasting at Scale: The Architecture of a Modern Retail Forecasting System

### Forecaster in the Field

- Interview with Phillip Yelland
- Open-Source Forecasting Tools in Python

### Forecasting and Planning Perspectives

- Autonomous or "Lights Out" Supply-Chain Planning:

What New Technology Is Required

- Commentary: Close the Loop, Stabilize, and Respond

### Book Review

- *Forecasting: An Essential Introduction*

### Artificial Intelligence

- Continual Learning: The Next Generation of Artificial Intelligence
- Postscript to the Summer 2019 Issue

## Issue 54 Summer 2019

### Note from the Editor

#### Special Feature: Use of Judgment in Model Selection

- Judgmental Model Selection
- *Commentary*: A Surprisingly Useful Role for Judgment
- *Commentary*: Algorithmic Aversion and Judgmental Wisdom
- *Commentary*: Model Selection in Forecasting Software
- *Commentary*: Exploit Information from the M4 Competition

#### Book Review

- *Data Science for Supply Chain Forecast*

#### Forecasting Methods

- State Space Modeling for Practitioners

#### Prediction Markets

- Benefits and Challenges of Corporate Prediction Markets

#### Forecaster in the Field

- Interview with Thomas Wolfram

#### Forecasting Practice

- Why Is It So Hard to Hold Anyone Accountable for the Sales Forecast?
- Communicating the Forecast: Providing Decision Makers with Insights

## Issue 53 Spring 2019

### Note from the Editor

#### Special Feature

- Will You Become a Victim of Your Models?
- *Commentary*: The More Basic Questions for Forecasting the Supply Chain
- *Commentary*: Love and Disdain for Forecasting Models
- *Commentary*: Models Are Easy to Abuse
- *Commentary*: The Benefits of Advanced Modeling Techniques
- *Commentary*: Testing Models Is Critical

- *Response to Comments*

#### Forecasting Principles and Methods

- The Ten Commandments of Economic Forecasting

#### World of Forecasting

- *Commentaries* on Forecasting Medical Risks
- Medical Science and Practice: Does Anyone Want to Fix Them?
- Medicine and Risk Transfer

#### Forecast Error Measurement

- Monetized Forecast-Error Comparisons

#### Artificial Intelligence

- Forecasting the Impact of Artificial Intelligence: Another Voice
- Response to Lawrence Vanston

#### Forecaster in the Field

- Interview with Lawrence Vanston

## Issue 52 Winter 2019

### Note from the Editor

### Book Review

- *The Little (Illustrated) Book of Operational Forecasting* by Steve Morlidge

### Hot New Research

- Scenarios and Forecasts: Complementary Ways of Anticipating the Future?

### Special Feature

- Forecasting the Future of Retail Forecasting
- Interview with Stephan Kolassa

- Commentary on “Forecasting the Future of Retail Forecasting”

### World of Forecasting

- Predicting Medical Risks and Appreciating Uncertainty

### Forecasting Practice

- A Classification of Business Forecasting Problems

### Artificial Intelligence

- Commentary on Spyros Makridakis’s article “Forecasting the Impact of Artificial Intelligence”

## Issue 51 Fall 2018

### Note from the Editor

### Book Review

- *Profit from Your Forecasting Software: A Best-Practice Guide for Sales Forecasters* by Paul Goodwin

### Forecasting Support Systems

- A Blueprint for Selecting and Implementing a Forecasting Support System: Part 2

### Forecasters in the Field

- Interview with Matthias Lütke Entrup and Dennis Goetjes

### Forecasting Practice

- Warning Signs for Forecasting Consumer-Induced Shortages
- The State of New-Product Forecasting

### Forecasting Perspectives

- Forecasting the Impact of Artificial Intelligence, Part 5: *The Emerging and Long-Term Future*
- Deep Learning for Forecasting: Current Trends and Challenges

## Issue 50 Summer 2018

### Note from the Editor

#### Forecasting Perspectives

- Forecasting the Impact of Artificial Intelligence Part 4 of 5:  
*Blockchain (BC) Technology, the Integration of BC and AI, and the Road to Intelligence Augmentation (IA)*

#### Forecasting Support Systems

- A Blueprint for Selecting and Implementing a Forecasting Support System

#### Sales and Operations Planning

- How Big Data Could Challenge Planning Processes across the Supply Chain
- Commentaries on “Misconceptions, Missteps, and Bad Practices in S&OP”
- S&OP Vision, Culture, and Language
- A Cautionary Tale from a Former Operations Planner

#### Forecasting Methods

- Deep Learning for Forecasting

#### The World of Forecasting

- Outcome Prediction in the Practice of Law

## Issue 49 Spring 2018

### Note from the Editor

#### Special Feature on Supply Chain Forecasting

- Preview
- Choosing and Achieving a Target Service Level
- How Should a Company Set Service Levels? Perception vs. Reality

#### Forecasting Perspectives

- Forecasting the Impact of Artificial Intelligence Part 3 of 4:  
*The Potential Effects of AI on Businesses, Manufacturing, and Commerce*

#### Long-Range Forecasting

- The Future of Work in the United States: Projections of Occupational Employment to 2026

#### Collaboration in Forecasting and Planning

- Bridging the Distributor into a Collaborative Demand-and-Supply Planning Process

#### Forecaster in the Field

- Interview with Can Eksoz

#### Mannheim Certificate of Forecasting Practice

## Issue 48 Winter 2018

### Note from the Editor

### The M4 Competition: Interview with Spyros Makridakis Forecasting Perspectives

- Forecasting the Impact of Artificial Intelligence (AI), Part 2 of 4: Examining Four Scenarios of Possibility
- How to Respond to a Forecasting Sceptic
- Review of *Forewarned: A Sceptic's Guide to Prediction*

### Forecasting Methods

- Incorporating Leading Indicators into Sales Forecasts
- *Principles of Business Forecasting*: Review of the 2nd Edition

### Collaborative Forecasting and Planning Practices

- Misconceptions, Missteps, and Bad Practices in S&OP, Part 3: Automating at the Expense of Judgment and Accountability

### Forecast Accuracy Measurement
