

contents

"Knowledge of truth is always more than theoretical and intellectual. It is the product of activity as well as its cause. Scholarly reflection therefore must grow out of real problems, and not be the mere invention of professional scholars."

JOHN DEWEY, UNIVERSITY OF VERMONT

introduction

- 5** **Forecast Accuracy Measurement and Analysis: A Tutorial** *Len Tashman*
- part 1a. accuracy metrics: general**
- 15** **Chapter 1: How to Define the Average Percentage Error: Two Surveys** *Kesten Green & Len Tashman*
- 21** **Chapter 2: Should You Report Forecast Error or Forecast Accuracy?** *David Hawitt, Jim Hoover & Mark Little*
- 24** **Chapter 3: Advantages of the MAD/MEAN Ratio Over the MAPE** *Stephan Kolassa & Wolfgang Schutz*
- 28** **Chapter 4: An Expanded Prediction-Realization Diagram for Assessing Forecast Errors** *Roy Pearson*
- part 1b. accuracy metrics: demand forecasting**
- 33** **Chapter 5: Measuring Forecast Accuracy: Omissions in Today's Forecasting Engines and Demand-Planning Software** *Jim Hoover*
- 37** **Chapter 6: Forecast Quality in the Supply Chain** *Steve Morlidge*
- 43** **Chapter 7: Another Look at Forecast-Accuracy Metrics for Intermittent Demand** *Rob Hyndman*
- 47** **Chapter 8: Measuring the Quality of Intermittent-Demand Forecasts: It's Worse Than We've Thought** *Steve Morlidge*
- 53** **Chapter 9: The Quest for a Better Forecast Error Metric: Measuring More than the Average Error** *Stefan de Kok*
- part 2. error analysis to improve forecasting**
- 62** **Chapter 10: How to Track Forecast Accuracy to Guide Forecast Process Improvement** *Jim Hoover*
- 67** **Chapter 11: A "Softer" Approach to the Measurement of Forecast Accuracy** *John Boylan*
- 72** **Chapter 12: Using Relative Error Metrics to Improve Forecast Quality in the Supply Chain** *Steve Morlidge*

79	Chapter 13: Using Error Analysis to Improve Forecast Performance	<i>Steve Morlidge</i>
86	Chapter 14: FVA: A Reality Check on Forecasting Practices	<i>Mike Gilliland</i>
	part 3. forecastability and benchmarking	
90	Chapter 15: How Good is a "Good" Forecast? Forecast Errors and Their Avoidability	<i>Steve Morlidge</i>
97	Chapter 16: Forecastability: A New Method for Benchmarking and Driving Improvement	<i>Sean Schubert</i>
105	Chapter 17: Assessing Forecastability	<i>Peter Catt, John Boylan & Stephan Kolassa</i>
123	Chapter 18: Can We Obtain Valid Benchmarks from Published Surveys of Forecast Accuracy?	<i>Stephan Kolassa</i>
	part 4. assessing uncertainty	
131	Chapter 19: Getting Real About Uncertainty	<i>Paul Goodwin</i>
135	Chapter 20: Beware of Standard Prediction Intervals for Causal Model Forecasts	<i>Len Tashman</i>
140	Chapter 21: Worst Case Scenarios in Forecasting: How Bad Can Things Get?	<i>Roy Batchelor</i>
145	Chapter 22: How to Separate Risk from Uncertainty in Strategic Forecasting	<i>Christian Schafer</i>
151	Chapter 23: Assessing Uncertainty in New Product Forecasts	<i>Nick Guthrie & Des Markland</i>
	part 5. cost of forecast error	
158	Chapter 24: Accuracy vs Profitability	<i>Roy Batchelor</i>
163	Chapter 25: Assessing the True Cost of Forecast Errors	<i>Paul Goodwin</i>
166	Chapter 26: The Costs of Forecast Error	<i>Peter Catt, John Boylan & Tom Willemain</i>
