“Knowledge of truth is always more than theoretical and intellectual. It is the product of activity as well as its cause. Scholarly reflection therefore must grow out of real problems, and not be the mere invention of professional scholars.”

JOHN DEWEY, UNIVERSITY OF VERMONT

FORESIGHT, an official publication of the International Institute of Forecasters, seeks to advance the practice of forecasting. To this end, it will publish high-quality, peer-reviewed articles, and ensure that these are written in a concise, accessible style for forecasting analysts, managers, and students.

Topics include:

- Design and Management of Forecasting Processes
- Forecast Model Building: The Practical Issues
- Forecasting Methods Tutorials
- Forecasting Principles and Practices
- S&OP and Collaborative Forecasting
- Forecasting Books, Software and Other Technology
- Applications in Political, Climate and Media Forecasting
- Long-Range and Strategic Forecasts
- Case Studies

Contributors of articles include:

- Analysts and managers, examining the processes of forecasting within their organizations
- Scholars, writing on the practical implications of their research
- Consultants and vendors, reporting on forecasting challenges and potential solutions

All invited and submitted papers will be subject to a blind editorial review. Accepted papers will be edited for clarity and style.

FORESIGHT welcomes advertising. Journal content, however, is the responsibility of, and solely at the discretion of, the editors. The journal will adhere to the highest standards of objectivity. Where an article describes the use of commercially available software or a licensed procedure, we will require the author to disclose any interest in the product, financial or otherwise. Moreover, we will discourage articles whose principal purpose is to promote a commercial product or service.

FORESIGHT is published by the International Institute of Forecasters, Business Office: 53 Tesla Avenue, Medford, MA 02155 USA
