

Robert Boute

KU Leuven

Robert Boute is a Professor of Operations Management at the Faculty of Economics and Business at KU Leuven and Vlerick Business School, and a principal investigator at Flanders Make. His research focuses on inventory control and supply chain management. Recent works include digital operations, smart logistics, and predictive analytics for service maintenance applications. He was named one of the 40 Best Professors Under 40 by Poets & Quants in 2016, and was laureate of the 2017 Franz Edelman Award for Achievement in Operations Research and Management Sciences.
