*“Knowledge of truth is always more than theoretical and intellectual. It is the product of activity as well as its cause. Scholarly reflection therefore must grow out of real problems, and not be the mere invention of professional scholars.”*

JOHN DEWEY, UNIVERSITY OF VERMONT

*Foresight* is published by the International Institute of Forecasters, with the purpose of advancing the practice of forecasting. We encourage submissions from industry practitioners, software and consulting vendors, and academic researchers. Manuscripts should be written in language accessible to analysts, planners, managers, and students. All manuscripts are peer reviewed and edited for clarity and style.

See the Guidelines for Authors (page 68) for full details on suitable topics, manuscript preparation, and manuscript submission.

*Foresight* welcomes advertising. However, journal content is solely at the discretion of the editors and will adhere to the highest standards of objectivity. Where an article describes the use of commercially available software or a licensed procedure, the author must disclose any interest in the product. Articles whose principal purpose is to promote a commercial product or service will be rejected.
